

PCS Board of Directors Updates COVID-19 Vaccine Requirements for Singers

Dear Members,

After much discussion and out of the care and concern for our Palouse Choral Society family, your Board of Directors has updated the COVID vaccination requirements for current singers. Effective immediately, all singers eligible for a COVID vaccine booster, must receive their booster no later than January 31, 2022. Return to chorale rehearsal on Monday, February 14, 2022 will include a check for proof of vaccine booster. Those singers not eligible by January 31, 2022 are expected to receive their COVID vaccine booster as soon as they are eligible. The board will carry out periodic checks in enforcement of this updated mandate.

It is our sincerest hope that this requirement will keep our singers as protected as possible during rehearsals and concerts as well as allow the continuation of our 21-22 season. If you have a concern or encounter problems obtaining your booster by 1/31/22, please contact one or both of your chorale representatives: Anna Zook - anneliesezoom@gmail.com and Conny Kirchhoff - kirchhc@frontier.com .
